Hidden from the rain
Hidden from the rain
Always hidden from the rain

Tales of toil remain
Hidden from the rain
Written to the pain**
Healing to sustain

Hidden from the rain
Always hidden from the rain
Does your toil remain**
Hidden from the rain
Will the wring the pain**
Searing solemn cold drip nights**
In the desert

Hidden from the rain
Always hidden from the rain
Tales of toil remain
Hidden from the rain
Changing rocks to send barren land**
Quiet to move** as they turn carrying the wind
And the emptiness of life in the desert

Carrying the wind
Carrying the wind

Hidden..

Deserts will remain
[Deserts will remain]
Hidden from the rain
[Hidden from the rain]
Changing rocks to send barren land**
Quiet to move** as they turn carrying the wind
And the emptiness of life in the desert

Hidden from the rain
Hidden from the rain
Hidden from the rain

Hidden from the rain
Always hidden from the rain
[Emptiness]
Hidden from the rain
[Emptiness]
Hidden from the rain
[Emptiness]
Always hidden from the rain
[Carrying the wind]
Hidden from the rain
[Emptiness]
Hidden from the rain
[Emptiness]
Always hidden from the rain
[Emptiness]
Hidden from the rain
[Carrying the wind]
