All alone  
[all alone]  
Staring through  
[staring through]  
Midnight eyes fading blue

A pouring rain  
[a pouring rain]  
A broken glass  
[a broken glass]  
A starving thirst drowning the past

Rescue me  
The stars are falling  
Rescue me  
The night's so dark  
Rescue me  
I'm locked outside your door

Abandoned queen  
[abandoned queen]  
Discarded king  
[discarded king]  
A diamond hanging by a string

My beating heart  
[my beating heart]  
My trembling hand  
[my trembling hand]  
A broken wave to a stoned sound\*\*

Rescue me  
The stars are falling  
Rescue me  
The night's so dark  
Rescue me  
I'm locked outside your door  
[I'm locked outside your door]

The broken storm is now but standing still  
Silent is the word in the morning chill

The cards are cut now watch the aces fall  
The hand has been dealt in a fortune card  
A black taboo an unmoving light  
Chasing down the darkness passing through the night  
A silent voice summoning to me\*\*  
Empty words calling out in silent screams  
The cards are cut now watch the aces fall  
The hand has been dealt in a fortune card  
[rescue me]

Rescue me  
The stars are falling  
Rescue me  
The night's so dark  
Rescue me  
I'm locked outside your door  
[I'm locked outside your door]

Rescue me  
The stars are falling  
[The stars are falling]  
Rescue me  
The night's so dark  
[The night's so dark]

Rescue me  
The stars are falling  
[The stars are falling]  
Rescue me  
The night's so dark

Rescue me  
The stars are falling  
[the night's so dark]  
Rescue me  
The night's so dark

Rescue me  
The stars are falling  
[The stars are falling]  
Rescue me  
The night's so dark  
Rescue me  
I'm locked outside your door

Rescue me  
The stars are falling  
Rescue me  
The night's so dark

Rescue me

The stars are falling  
Rescue me  
The night's so dark

Rescue me  
The stars are falling  
Rescue me  
The night's so dark  
Rescue me...

----

\*\* (best guess I could make)
