The wanting still endures
[My single sin is pure]
Your image never fades
The endless spell I claim
[Addicted to your name]
I'll always surrender
The naked truth is mine

Forbidden lips I've kissed
[And swallowed emptiness]
The longing still remains
[Still remains]
Your fever cold as ice**
[Apparent paradise]

Forsake you
Escape you
I'll run through

Rivers of stone
I'll carry the water
Rivers of stone
Show me the ocean
Here all alone
I'm crossing a broken bridge
I'll pay the price
Sweet sacrifice

The angel's coat of white
[Has been like seductive skies]**
I've nothing more to give
[More to give]
The burning in your eyes
[They light the trail of lies]

Forsake you
Escape you
I'll run through

Rivers of stone
I'll carry the water

Rivers of stone
Show me the ocean
Here all alone
I'm crossing a broken bridge
I'll pay the price
Sweet sacrifice

Sacrifice...
Sacrifice...
Sacrifice...
Sacrifice...

Forsake you
Escape you
I'll run through

Rivers of stone
I'll carry the water
Rivers of stone
Show me the ocean
Here all alone
I'm crossing a broken bridge
I'll pay the price
[I'll pay the price]

Rivers of stone
I'll carry the water
Rivers of stone
Show me the ocean
Here all alone
I'm crossing a broken bridge
I'll pay the price
[I'll pay the price]
I paid the price
Sweet sacrifice
