Hear my voice and surrender  
There will be no tomorrow  
I'll be everything you desire  
Touch me, feel the thunder  
Long and deep in the water  
I am the Siren, calling from the sea

Hear me calling, calling you into my arms  
Hear me calling, calling you into my arms

Come with me and surrender  
Close your eyes to the future  
I'll be everything you desire  
Touch my lips, taste the white skin  
Feed your soul the illusion  
Give your dream to the darkness, calling from the sea

Hear me calling, calling you into my arms  
Hear me calling, calling you into my arms  
Hear me calling, calling you into my arms

Follow me down in the moonlight [moonlight]  
Drown yourself in emerald eyes  
[drown yourself in emerald eyes]  
Swallow the salt of desire  
Fantasies burn, you'll never return, lost at sea

In my arms you'll surrender  
There will be no tomorrow  
I am everything you desire  
Dark and deep as the ocean  
Rising up from the water  
I am the Siren, calling from the sea

Hear me calling, calling you into my arms  
Hear me calling, calling you into my arms  
Hear me calling, calling you into my arms  
You'll never return, fantasies burn  
You'll never return, fantasies burn  
You'll never return, lost at sea

Hear me calling, calling you into my arms [never  
return]

Hear me calling, calling you into my arms [never  
return]

Hear me calling, calling you into my arms [never  
return]

Hear me calling, calling you into my arms [never  
return]

Hear me calling, calling you into my arms [never  
return]

Hear me calling, calling you into my arms [never  
return]...
