"Wait For Me"

No more keeping secrets
No more skeletons
Can I ride this storm that lives inside
Climbing over mountains
Crossing rivers
Reaching for a rainbow ever fading

Tell me that you'll see me through
Love me til I'm lost in you
Let me go
Set me free
Tell me that you'll wait for me

Loving you has given me the confidence
To finally face the fire that burns inside of me
Rising from the darkness
Clouding memories
Reaching for my heart and crying out to me

Tell me that you'll see me through
Knowing I'll come back to you
Let me go
Set me free
Tell me that you'll wait for me
[Tell me that]

Tell me that you'll see me through
[Tell me that]
Love me til I'm lost in you
[Tell me that]
Let me go
Set me free
Tell me that you'll wait for me

Tell me that, tell me that
Tell me that, tell me that
Tell me that, tell me that
Tell me that, tell me that

[Tell me that, tell me that
Tell me that, tell me that

Tell me that, tell me that
Tell me that]

Climbing over mountains
[Climbing over mountains]
Crossing rivers
[Crossing]
Reaching for a rainbow ever fading
[Tell me that]
