I don't really like to sit home all alone
I see no sense in watching TV
This nine to five daylife goes on and on
I'm fed up with the same old me

I don't like to rush things, but what can i do
Somehow i just can't get away
Just one thing in life I really like to do
It is beeing together with you babe

Love is a healer
And it feels like paradise
Love is a healer
We're just one step from paradise

I don't really like to walk in the park
I don't like to sit and wait
No I don't really like my job, nothing new
But I really like you, babe

I don't like to feel ashamed, but I do
I don't like to hate myself, sometimes
Insecurity isn't really that cool
But I really like you, babe

Love is a healer
And it feels like paradise
Love is a healer
We're just one step from paradise

Love is a healer
And it feels like paradise
Love is a healer
We're just one step from paradise

Love is a healer (Love is a healer)
And it feels like paradise
Love is a healer (Love is a healer)
We're just one step from paradise

Love is a healer (Love is a healer)

Love is a healer (Love is a healer)
And it feels like paradise...
