You and I...

You are my water, drown me
You are my air I breathe, so suffocate me

You are my fire, burn me
You are my wind, so why you don't just blow me

Tracing your steps, each move you make
You stand by me, no one else

Hero (hero) - Is a whisper in my ear
Hero (hero) - You can reduce me to tears
Hero (hero) - Just you and I die
And the sparkle in our eyes

You are my light, blind me
You are my life, so why you don't just kill me

Tracing your steps, each move you make
You stand by me no one else

Hero (hero) - Is a whisper in my ear
Hero (hero) - You can reduce me to tears
Hero (hero) - Just you and I die
And the sparkle in our eyes

Hero (hero) - Is a whisper in my ear
Hero (hero) - You can reduce me to tears
Hero (hero) - Just you and I die
And the sparkle in our eyes
