I can see a liar
I recognize the same
I was born and raised to spit in his face

Ah, he feed the fire, and do it again
I believe his needs will bring him on his knees, yeah

'Fighting' speaks my name
As a morning star the revenge is in my hand

Now in flames he's drowning
Spit his worthless point of view
I can see him falling, crawling, calling...

No remorse or crying
When monstrosity comes down
I can see him falling, crawling, calling
When justice is deserved

You've spread disease
Like a giant machine
Even though I reveal you still deceive

Now he's in decay
As a morning star the revenge is in my hand

Now in flames he's drowning
Spit his worthless point of view
I can see him falling, crawling, calling...

No remorse or crying
When monstrosity comes down
I can see him falling, crawling, calling
When justice is deserved

Now in flames he's drowning
Spit his worthless point of view
I can see him falling, crawling, calling...

No remorse or crying
When monstrosity comes down

I can see him falling, crawling, calling
When justice is deserved

Now in flames he's drowning
Spit his worthless point of view
I can see him falling, crawling, calling...

No remorse or crying
When monstrosity comes down
I can see him falling, crawling, calling
Justice is deserved...
