It came with the wind but were send back home  
I guess my feelings were dead  
Was it for real or a dream?  
I think for real

Evil lines up here  
Blackened my eyes and fear  
'Fire!' My captains' command  
Till the bitter end

I'm the last in line  
I got nothing inside, or loose  
My trigger's alive  
In my sinister mind confused

I'm lost in a pace, I can't get out  
For what it is worth  
Somewhere inside I know it's not me  
I'm a puppet on strings

Fear mortality  
Morbid pain increase  
'Liar!' Screams in my head  
With guns in my hands

I'm the last in line  
I got nothing inside, or loose  
My trigger's alive  
In my sinister mind...

I'm the last in line  
I got nothing inside, or loose  
My trigger's alive  
In my sinister mind, oh oh, confused

Evil lines up here  
Blackened my eyes and fear  
'Fire!' My captains' command  
Till the bitter end

I'm the last in line

I got nothing inside, or loose  
My trigger's alive  
In my sinister mind...

I'm the last in line  
I got nothing inside, or loose  
My trigger's alive  
In my sinister mind...

I'm the last in line  
I got nothing inside, or loose  
My trigger's alive  
In my sinister mind...

I'm the last in line  
I got nothing inside, or loose  
My trigger's alive  
In my sinister mind...
