driving in our airstream - we're a band on the road -  
with equipment, roadies, a manager - we've got a  
heavy load - airstream! airstream! airstream! - get out  
of my lane! - airstream! airstream! airstream! - on our  
way to your town - cause you've never seen us play -  
with our airstream's aerodynamic design - we should  
be there any day - airstream! airstream! airstream! -  
get out of my lane! - airstream! airstream! airstream! -  
airstream is so shinny - and it's made out of aluminum  
- you can't tell if it's a '64 - or an '81 - I know that it's  
American made - So my chest just swells with pride -  
Then I grab that stainless steel handle - And I pull  
myself inside - double insulation - diamond tuck n roll -  
toilet, shower, refrigerator - we're completely self  
contained - airstream! airstream! airstream! - get out  
of my lane! - airstream! airstream! airstream! -  
airstream is so beautiful - we can hardly keep the foxes  
out - when we round that final corner - we can hear  
them shout - airstream!
