This here's my last chance - so it won't hurt to ask -
What can I do to make you love me? - I'll learn to speak
in French, - I'll even pitch a tent on your front yard - to
make you love me - It seems impossible - you never
seem to notice - But there will come a day - they'll say
"he really showed us" - This time I really mean it - I
think I'm dangerous - You won't be safe - until you love
me - You're such a pretty girl, - let's feed the birds and
squirrels - some bread and peanuts - till you love me. -
If you don't like some one - Then I will take a gun - and
blow their heads off - until you love me - You must
understand - I'm not responsible for anything I do - I've
got a doctor's note - this time it's not a joke, - I'm really
serious - bad things will happen - till you love me. - love
me - love me - I know when you say I'm scaring you -
and I should go away that it's a lie - But here's some
truth - I'll never stop until I die. - (die die die) - In my
mind - We are peas and carrots - But you are so blind -
You refuse to hear it - You'd better listen up - I'll give
you one last chance - you won't be safe - until you love
me, - love me, - LOVE ME
