Well I know you been working most nights - And I think you deserve something nice for once, you do - And the twins they've been driving you nuts - But tonight your in luck. Guess what, Here's what- - Hey Babe we're going out tonight - were finally gonna do it right - No more pinching pennies with a broke ass loser - I've had a change of luck, I found the twenty bucks - I thought I lost under the sofa - I'm feeling like a hundredaire and baby I just don't care - Where we go or what we spend - So grab your friends-'cause - Money's not a issue tonight - Hey baby were going out tonight - just bring your appetite for luxury and fun 'cause - Money's not an issue - Go on baby now make a wish - I'm feeling Irish rich - I found me pot o' gold and living large, it fits you - Feel free to super size - 'cause tonight dreams are realized - I know that's it's been rough - and you don't get the stuff - That such a pretty lady is so deserving of - but now that's not the case - I'll shower your sweet face with - Champagne dreams and Moustache kisses - I'm well aware that I've been kind of cheap and tight - but all that's changed and were going to do it right - so tell your friends that - Money's not an issue tonight
