Seven hits of L - and nobody could tell - So I spent every dime - just to get to Aniehem - I was in the Magic Kingdom - Now I'm in the Carribean - You get something really wicked - when you spend an E-ticket - High adventure on the sea, - but it's not the life for me - Now those harry tatoood pirates are all chasing after me - I was threatened with a knife by a pirate playing fife - Now I'm sailing for my life thanks to LSD 25 - Where can I hide? - I don't want to buy a bride - I'm alone as I float - Hey, there were others in my boat - Up ahead, one of the men - he said he would be my friend - He'd guide me to the hole - If I deeded him my soul - To the hole I didn't make it - That doesn't mean he didn't take it - He laughed at my plight - He said you'll be one of us tonight - High adventure on the sea, - but it's not the life for me - Now those harry tatoood pirates are all chasing after me - I was threatened with a knife by a pirate playing fife - Now I'm sailing for my life thanks to LSD 25 - He was right, I'm still here - as I have been, for over a year - With my last bit of hope, - a tin can and rope - I just want to break free - But I can't get away - No I can't get away - cause that damn dog's got the key - No one listens as I tell - of my ordeal in this cell - They stand right by - but they don't fell - Is this for real? - Is this for real!
