Happy robots say "life is fine" - they're the ones I loathe  
- they're stupid or they're lying - or a little bit of both -  
ignore disasters and say that life is great - it never  
stops the smile on your shit consuming faces - The  
stupid fucking hippies - too stoned to see their lives are  
fucked - going with the flow - into the shitter they are  
sucked - and then they got these magic crystals - don't  
do a god damn thing - just stinking of pachoulli - while  
they choke on their ginseng - - Beating on a drum - you  
sing of quiet and peace, - burning marijuana - and take  
the time to hug a tree, - say no possessions, - but get  
all that you can, - you stink like shit and smile through it  
- Don't ever trust a happy man - Cheery retard masses,  
- with evil Osmond smiles - way too glad to be - 'cause  
"He" is on your side - and then they hand out  
propaganda - for sheep to join the cult, - collecting  
guns, - they rapt your daughters - but nobody's at fault  
- Beating on a drum - you sing of quiet and peace, -  
burning marijuana - and take the time to hug a tree, -  
say no possessions, - but get all that you can, - you  
stink like shit and smile through it - Don't ever trust a  
happy man - I don't want to go to heaven, - it's filled  
with pricks like you - I won't go inside the gates, - leave  
me in the waiting room - I'm sure that God hates you  
too - he thinks your an obsessed fan - see how you are?  
- I'll never trust a happy man - Never trust a happy man  
- The stupid - fucking hippies - too stoned to see - their  
lives are fucked - going with the flow - into the shitter -  
they are sucked.
