Some people call me a teenage idol  
Say they envy me  
They got no way of knowin'  
How lonesome I can be

I need somebody to be my baby  
To tell my troubles to  
Got no time to find her  
'Cause I'm just passin' through

I travel around from town to lonesome town  
Guess, all I'll be is a rollin' stone  
Fortune and fame, everybody knows my name  
That won't mean a thing if I'm all alone, woah

Some people call me a teenage idol  
Say they envy me  
They got no way of knowin'  
How lonesome I can be

I travel around from town to lonesome town  
Guess, all I'll be is a rollin' stone  
Fortune and fame, everybody knows my name  
That won't mean a thing if I'm all alone, woah

Some people call me a teenage idol  
Say they envy me  
They got no way of knowin'  
How lonesome I can be

I get no rest when I'm feelin' weary  
Pack my bags and go  
I gotta go tomorrow  
And go and do my show

I wanna share myself, oh  
Just spread myself around with someone, anybody  
One of God's creatures 'cause I'm so lonesome
