all you people gather 'round - and get together - no
more sitting on your booty - party people it's your duty -
you know what i mean - tell your body what to do - it's
up to you - now let your tight pants - do a new dance -
to the roge - roger thomas is upon us - don't you fight it -
do the roge - can't you see it's so easy - it's now or
never, get together - lay it on me, lay it down, - slap me
five and gather 'round - the party - is gettin' started -
let's act retarded, - no one is carded - now shake your
onion - like a grunion tryin' to spawn - grab your girl
unless she's shril - hit the dance floor - do the roge -
rock the roge across the nation - a bicentennial
celebration - tell two friends - and they'll tell two - and
they'll two and so on - and so on - it's easy to do - tell
your body what to do - it's up to you
