Hot step moms and surrogate dads - It breaks my heart  
to see him so sad - Lying alone in his room with a frown  
on - Reruns show him what he's missing out on - If life  
could be, like he sees it on TV - He wouldn't have to  
hurt so bad - Hurts so bad 'cause - It's too much drama,  
too much drama Dad and Mama - Traded back and  
forth til he turns 18 - It's too much drama, the kid don't  
need no new step grandma - So he joins a family on the  
screen - Can't you see? Too many parents leave - Too  
many sets of parents leave a kid who can't believe -  
How they can think that he can take it - It's all he can do  
to fake it - Off for a weekend with real Dad but - The  
only thing real is how real bad he - Just wants his life to  
be black and white - Those people never fight - If he  
could Xerox a home from the talking picture box - He  
wouldn't have to hurt so bad - So he turns to TV for help  
and for guidance - A lot of his virtues he picked up  
from Linus - Fonzie taught him what it means to be cool  
- From Doogie he learned that he must go to school -  
Three's Company taught him that just acting gay -  
Could lower the actual rent he would pay - Cops  
showed beating your wife and your neighbor - Could  
immortalize you and your double wide trailer
