Now the birds in the trees are deformed and diseased
And the leaves on the trees are wilting on the branch
There's no stars in the sky
'Cause scars on my eyes won't heal thanks to you
And the sun is obscured since you told me those words
That you can't be with me

And you got to be free
'Cause you're selfish and rude with a bad attitude
But you can't see and what about me?
Oh baby don't, don't, don't, don't do
What you think you should do
Because it won't, won't, won't, won't be what I want it to
be to

Repeat after me, "I'm sorry, I'm sorry, I'm sorry"
Repeat after me, "It was all my fault again"
"And I will stay, stay, stay, stay right here with you
And I will say, say, say, say whatever you tell me to"

This is me now, "You are forgiven"
This is me now, "Things are fine again, you see"
It wasn't that hard
Remember, remember, remember, what about me?

Now the sun has arrived and the birds that all died
Are alive and revived and chirping in the branches
'Cuz you made up your mind, just barley in time
Let's not take any chances

'Cuz you're restless again and you want it to end
But I can't let you leave
'Cause you promised to me and you'd do what I say
And you said that you'd stay

You said that you'd stay and what about me?
Oh baby don't, don't, don't, don't do
What you think you should do-
Because it won't, won't, won't, won't be what I want it to
be to

Repeat after me, "I'm sorry, I'm sorry, I'm sorry"

Repeat after me, "I state your name love you"
It's the truth you see
Remember, remember, remember, what about me?
What about me?
