I can see, baby you want me  
There's no need for you to lie  
You've been so sweet  
Boy, there's no need to say how you feel

When you speak  
I hear the sound of your heartbeat  
With every word you're calling out to me  
Waiting for me to say how I feel

Now I know what's gonna happen if I do  
You'll leave the chase and I'll be left falling for you  
Ooh, the table's gonna turn  
I know the table's gonna turn

You gotta show me what you feelin' is for real  
Before I let you feel like you're sealing the deal  
Ooh, the table's gonna turn  
I know the table's gonna turn

It's all in your eyes, written on your face  
In your mind is where I stay  
I got you under my spell  
I got you under my spell

Hear it in your voice when you call my name  
I guess you have no choice, it's all part of the game  
I got you under my spell  
I got you under my spell

You've known me for quite some time  
I thought you'd see what I'm about  
But know it should be easy to see how you feel for me

How long will you play this game  
It's starting to drive me insane, afraid to take the lead  
Waiting for me to say how I feel

Now I know what's gonna happen if I do  
You'll leave the chase and I'll be left falling for you  
Ooh, the table's gonna turn

I know the table's gonna turn

You gotta show me what you feelin' is for real  
Before I let you feel like you're sealing the deal  
Ooh, the table's gonna turn  
I know the table's gonna turn

It's all in your eyes, written on your face  
In your mind is where I stay  
I got you under my spell  
I got you under my spell

Hear it in your voice when you call my name  
I guess you have no choice, it's all part of the game  
I got you under my spell  
I got you under my spell
