I got a question you strike just like q weapon
Cause you lead though independent is what you

We ain't got to rush
Cause your goodie seem so fabulous
Got me ,

She got me open whenever she is in my vision
One , her bootie or .. precision
I forgot to mention the sound I ,
I can a lot of past I had so innocent
A lot of these dudes want her
But ain't got a chance .. her body
Convicts murder I cough it if I can
.. I told her I am .. give me what I demand
.. I got an open

I am open

I am open
I am open
You gotta get it on
You gotta get it on
I am open
I am open
I am open
I am open
You gotta get it on
You gotta get it on

Excuse me miss put a body on you
Yeah we keep a belt like ..do
I want you I need you
You are brand new brand new
