There is no light that does not

Pierce the darkness

It is sad but

No matter how much one is

filled

with affection

There is suffering

Though we do not have wings

Even a small smile

If you believe that is a miracle

You can walk on

Even when tried by sorrow

If you are here

When the day it cannot be

bound

Comes That is everlasting

I long for strength

Like that of a butterfly

crossing

The sea

If battle alone is strength

That is a pity
Despite thinking it is all right
Even if all is gone
As long as the ache inside
you
heals
Kindness just meets
Even when tried by sorrow
Beside you
Someday the promised day
With arms spread out visits
Even when tried by sorrow
If you are here
When the day it cannot be
bound
Comes That is everlasting
