Those cold blue eyes
I wish to embrace them in this heart
This courage lost
Remember it once again
Hiding in the shadows
That follows your back afar
Anger, unspeakable sadness
Keeping them to oneself...
In the dark forests you wander
Purple scars
At a falling star gleaming in the night
Staring Ice Blue Eyes
Those frozen blue eyes
I wish to embrace them in this heart
This courage lost
Remember it once again
The pain of that wound does not cease
Just cry it out
Warm tears
Melt the ice harvest rain
I am waiting...

I ask only for strength
Coldness that burns
Throw away the pride, and hate
This time, stop it...
A battle, asking for tomorrow
I am a fighter, defending love
To the heart that flees the darkness
But turns don't look back
That solitude, anger, scream
Let me feel them too
Taking back this
This true courage once again
Melting those frozen blue eyes
And wiping off the tears from this heart
Warm tears
Melt the ice harvest rain
I am waiting...
