It was on that day
I put a G on up to him

You're gonna get it, oh, you're gonna get it
You're gonna get it if you lie
So don't hide it, oh, don't ever hide it
Don't hide it just so you'll get by
They're gonna fool you, oh, they're gonna use you
Oh, they're gonna make you
Make it and ignore you

Never compromise
Your worries and your own lies
Never fear in disguise

I'm not gonna follow, oh, don't make me hollow
Don't make me wanna hide my face
I won't think about it, 'cause what if I allow it?
How will I keep up the pace?
They're gonna fool me, oh, they're gonna use me
Oh, they're gonna make me
Give in and ignore me

Never compromise
Your worries and your own lies
Never fear in disguise

Never compromise
Your worries and your own lies
Never fear in disguise

Taken all the time I needed
Just give me half a chance
You always liked to keep me bleedin'
Keep me on my toes and I'll dance

Never compromise
Your worries and your own lies
Never fear in disguise

Don't question who you are

Never compromise
Your worries and your own lies
Never fear in disguise

Don't question who you are

Never compromise
Your worries and your own lies
Never fear in disguise
