Never have to ask me more than once  
I'm full time by choice  
I have not slept through the opportunities you've  
missed

Sometimes I'm feelin' fine, but  
All in a moment's time  
It all changes and I long for better days  
Then then I'll wait more time  
For someone to cheer me up

You tell me I'm not enough  
Well, what's new?  
I guess I don't understand  
Maybe that's God's plan  
Because you won't accept me  
For the way that I am

I, I don't wanna be here (don't wanna be here)  
I, I don't wanna be here  
With you

So now that I've been too honest  
Do you wanna talk about us?  
I say we stick to a plan  
'Cause I'm tired of being inconsistent

You can stop lookin' at me that way  
I'm pretty happy alone anyway  
I don't need you to justify my life  
And why I'm livin'

Next time I scream in the mirror  
At least I'll see things clearer  
I can only blame one person  
For the mess that's been made

I will stand tall and through it all  
I won't be too afraid to fall  
And I'll try to leave you a glimmer  
Of the hope that I'm feelin'

'Cause

I, I don't wanna be here (don't wanna be here)  
I, I don't wanna be here  
With you

Next time I scream in the mirror  
I hope I'll see things clearer  
It's time for me to enjoy  
These things I have worked so hard for

Sorry, I'm on my way  
I can't live this another day  
I won't stop. My words, they came along  
And linger in me

I, I don't wanna be here (don't wanna be here)  
I, I don't wanna be here
