How have you been?  
Tell me again  
How long is it here?

Maybe you're wrong about where you belong  
We need to talk, but I know conversations  
Can bring on devastation  
And your words worry me

'Cause I got here too late  
You've already filled your plate  
This is scaring me

I can't believe I missed out on you  
I can't believe I missed out on you

Time goes by, boy does it fly  
I wish I could go back  
I thought I knew, but I wasn't right  
I lost track of time

You showed no hesitation over comic aggravation  
I know I drive you crazy  
I got a long way to go finding answers I don't know  
This is killing me

I can't believe I missed out on you  
I can't believe I missed out on you  
I can't believe we're not together  
I can't believe 'cause you make me better  
I can't believe I missed out on you

So I'll stay alone  
Avoiding the confusion  
So I'll let you go

I can't believe I missed out on you  
I can't believe I missed out on you  
I can't believe we're not together  
I can't believe 'cause you make me better  
I can't believe I missed out on you
