Standing alone, watching you go for the last time  
I cover my face, try to erase what is not mine  
You brought me down so far I can only see the ground  
I tried to hang the moon, I tried to make you drown

But you won't love me anyway  
Doesn't matter what I say  
To change your mind  
I gave it everything I could  
But you never ever would  
So there you go for the last time

Stare at the stars, 'cause you've been on mars  
Such a long time (such a long time)  
I try to forget that you won't regret what you left behind  
So here we are again when there's nothing left to say  
The sound is only the wind, is this our final day?

But you won't love me anyway  
Doesn't matter what I say  
To change your mind  
I gave it everything I could  
But you never ever would  
So there you go for the last time

I see you're fine  
And it's effortless  
I know we can't rewind  
But it's for the best  
I'm getting out of this mess

Standing alone watching, watching you go for the last  
time  
I've wanted to change your mind

But you won't love me anyway  
Doesn't matter what I say  
To change your mind  
I gave it everything I could  
But you never ever would  
So there you go for the last time
