Antoine and birdskull grew up in an oak tree
Their voice wild squalls of sitars in heat
Jaguars in their hair
Champagne ocean out their window
Museums of strange dreams, stretched out from here
to Tokyo
Antoine and birdskull
Super nova's ignite from their skins starlight

You and I we're always meant to be together
You and I will live and we will die together

Antoine, and birdskulls
mother left them, when they were four
Sold everything they owned
Locked them behind the bathroom door

You and I we're always meant to be together
You and I will live and we will die together

Now they roam the streets
steal moans from lovers while they're sleeping
Harvest the crashing sounds of taxis smashing into
buildings

You and I we're always meant to be together
You and I will live and we will die together

Supersonic rain won't stop
You and I are all we got
Parakeets are blazing blue
You know I'd kill a moon for you

You and I we're always meant to be together
You and I will live and we will die together

You got to kill kill kill kill kill your friends
you got to kill kill kill kill kill for your friends

You and I we're always meant to be together
You and I will live and we will die together

Supersonic rain won't stop
You and I are all we got
Parakeets are blazing blue
You know I'd kill a moon for you

You and I we're always meant to be together
