Verse1#

In my life, I never had time
To have a girl by my side
In my life, I never had enough
Rhymes to explain all my inside pain
It drives me totally insane
Girls say that I'm crazy
Oh baby that is maybe True that I'm crazy
When I look at a lady
Then I'm no longer crazy
A girl face heals all in mee... (oh oh)

Chorus#

I have not enough words to sing the song of girls
Girls are looking at meee...
I have not enough experience to understand a girl
But they still look at meeeeeee....

Verse2#

I'm walking, in the park
Alone with the daaaark...
I better sit, and hang over
A pub or a baaaar...

I act wrong to girls

I always say the wrong word

Am I retard in this woorld

When I see a lady

Then I'm no longer crazy

I feel healed from you baby

Chorus#

Verse3# (Rap-Version)

If I knew how to sing

I would keep sing for these girls

If I knew how to rap

I wouldn't say a lot of crap

But know I'm doing that

I know it's not phat

I'm sorry for that

I will stop with that

It's a disaster that my life goes faster

I'm a master in criticizin' and fightin'

But I can't do it against my father

Cuz he's always winnin'

After a smash in my head

Soon I will be dead

What was it I said

Here comes your own death

I guess you won't believe it

But you must accept it
I have taste shit I have taste fists
When papa's gettin' crazy
If I had a lady or baby maybe whatever
Then I wouldn't be alone
I wouldn't be at home
I am
Runnin' around the town
With the girl I found
Sleepin' on the ground
And singnin' my own sound
We would live for fun
And watch the sun go down
Would feel happy that I ran
Away from you today
I feel better with a girl
In my lonely world
Askin' how we feel now
Well we're just fine
You've asked many times
You try to do a rhyme
You try to get in my life
Well you won't do that again now
Cuz then you will die
Yes that was a lie
I just wanted to try

Cuz that was a really good rhyme
Shit the same but don't try again
Cuz then you'll taste pain
And I wouldn't explain
My pain as gains in my brain
Who makes me insane
Look tears of rain
So give up shut up I don't give a fuck
You know what I got so don't say what
I feel happy When I'm pretty
And a baby wanna get me
Well that's shit...
Now It doesn't look that I haven't a girl
Everybody loves me in this world
Now It seems like I got a girl
In my dreamworld...
Oh...
