I'm tired of being told to bite my tongue,
I wanna scream at the top of my lungs.

Try, to speak, out loud, your silence me but now,
I'll stand my ground, I'll let you know that,

I'm tired of being told to bite my tongue,
I wanna scream at the top of my lungs.
It's like a nightmare but I'm lying awake,
It's got me thinking that I am borderline.
About to loose my mind,
It's time to face my fear,
And then I will make it disappear.

The war in me you set this thing to die,
You set it free I'll let you know that,

I'm tired of being told to bite my tongue,
I wanna scream at the top of my lungs.
It's like a nightmare but I'm lying awake,
It's got me thinking that I am borderline.
About to lose my mind,
It's time to face my fear,
And then I will make it disappear.
Disappear.

I'm tired of being told to bite my tongue,
I wanna scream at the top of my lungs.
It's like a nightmare but lying awake,
It's got me thinking that I am borderline.
About to loose my mind,
And now you will see your time has come,
Pay for all this damage done,
Face my fear and then I will,
Make you disappear.
Disappear.
