"Your Last Words"

Do you hear that / that's your heartbeat / counting you
down to your last words / do you feel it crawl down your
skin / hands clutching your mouth / to stop them from
coming out at all / but you don't, cause you can't cross
yourself / it can be all you have sometimes / it's a
spark, it's enough / to pull you on your feet / pumping
your fits in the air / i'll show them all what you are / and
this time, you won't get away / cause i'm kicking your
teeth to the curb / you want it so take it, don't want to
see you / you're the star / giving it all for the bright
lights / think of all the money when you've everyone
falling for your... / and if you don't mind / just leave me
out of your (dirty money / plastic party) you're just
stalling / living it up for a false start / don't call me
when you're broken-hearted and everyone's turning on
you / do you hear that / that's your heartbeat / counting
you down to your last words / when it all runs out, i'll be
watching you / clutching your head / to stop the room
from spinning round / too late, we're on a road to
nowhere else / taking our time to pull you down / and
i'm tired of taking my chances / i'm gonna let you / i'm
gonna let you down / do what you want to / i'm gonna
let you / i'm gonna let you down
