You're always looking over my shoulder
You don't seem to realise that I'm getting older
You think you know everything
But you don't know any thing at all
You're trying to take over my life
It's causing me strife
I've had enough of this
Why
Can't you see
That you're a control freak
You want everything to go your way
You want everyone to do what you say
I gotta get away
I sure don't wanna stay
I can't stand this another day
I wanna do things my way
You're cramping my style
You make me wanna ran a mile
This is my life
You're a part of it but u don't control it
You aren't aware that ur driving me up the wall

Why

Can't you see

That you're a control freak

You want everything to go your way

You want everyone to do what you say I gotta get away

I sure don't wanna stay

I can't stand this another day

I wanna do things my way

Why

Can't you see

You're making me sick

Can't you see

That you're holding me too tightly

You gotta learn to let go

You're a freak

You're a freak

You're a control freak
