Uhh I can read your lips loud and clear, yeeaaahhh
Now that is the only conversation I wanna hear
Now I can see your lips blowing them kisses at me
you know it makes me happy yeah
we can talk pictures and queen anywhere.

I'm on a mission going slow girl I'm moving high speed
look in my eyes while ya talking to me
Hit you with a tongue twister have you speaking
Chinese
I don't wanna beat around the bush

Chorus:

Girl let's cut straight to the chase
i've been waiting all day
put the talk box on my face
you're so nasty
Girl there is no time to waist
Boy what you gone do
put the talk box on my face
Cause no one, nobody doesn't like you.

When i lick it and split it you'll be waking up, heeyyy
I'll be all the motivation till you've had enough,oooooo
Uh, I love it mire than breakfast ooo uuuh ooo
you're my lunch and my dinner too,ooo uuuh ooo
That means your edible, incredible it;s gonna be
inevitable
I;m gonna bring the freak girl

(Chorus)

You roll your hips I lick my lips
I can tell that you wanna leave with me
No trip last call for alcohol
Then whistle "valet" bout to take you home
Cause you're so fly and I'm that guy
Hands down, I'm the best around
And maybe I ain't got no time to waste
I want that all on my face
(chorus)
