In dead of night I picture all the reasons to quit
But my mind's worn out the alternatives won't fit
So I try to justify
Feeling like a domino
No matter where I lie
I'm sleeping on a volcano

So I go to the place where I know you'll be tonight and it
makes it alright
And I hear that song when I see you again
It goes la da la da da da da
You look good
You look so fine
And if I don't touch you soon
I'm gonna go out of my mind
Out of out of my mind
Out of my mind

So I've rehearsed the scene
I've lived it now a thousand times
I see you walking my way and I forget my lines
Oh but I dream of your love
And I can taste your kiss
And I try to forget the fact you don't even know thatb I
exist

So I go to the place where I know you'll be tonight and it
makes it alright
And I hear that song when I see you again
It goes la da la da da da da
And you're moving just right dancing with your best
friend
Singing la da la da da da da da
You look good
Oh you look so fine
And if I don't touch you soon
I'm gonna go out of my mind
Out of out of my mind
Out of my mind baby

No peace no sleep my senses just torment me blind
I could be good tonight if you were so inclined

Take me baby, let me hold you and let me love you out
of my mind

So I go to the place where I know you're gonna be
tonight and it makes it alright
And I hear that song when I see you again
It goes la da la da da da da da
And you're moving just right dancing with your best
friend
Singing la da la da da da da da
Oh you look good
Oh baby you look so fine
Darling if I don't touch you soon
I'm gonna go out of my mind
Out of out of my mind
Out of my mind
Baby I'm gonna go right out of my mind
