Roll down the window
Let me hear the rain
Let me hear your whispering, honey
Everything is ok
Cause I've had enough bad news to last a lifetime
I've had enough bad news to last a lifetime

Well I drove all night under seasick sky
And I made it by mid-afternoon
And I hope he's home so
He can hold me tight and tell me 'Everything is alright

Cause I've had enough bad news to last a lifetime
I've had enough bad news to last a lifetime

And I was struck by how much I remembered
And how erverything still looks the same
When a neighbour I met in his hallway said
'looks like lovergir!s too late again'

so take your troublesome baggage
and put it on the train home
cause you can guess somewhere else
in the world right mow
someone else feels just as alone

Cause I've had enough bad news
I've had enough bad news
I've had enough bad news
To last a lifetime
To last a lifetime
To last a lifetime
To last a lifetime
