KEEP IT CLEAN

(John Ellis - no publishing details)

1. Cocaine, heroin,
I never use speed, I never put the needle in.
Bad sex, heavy debts,
It's too late to run when they come and snap your legs.

Br: Just 'cos they do it in the movies,
Doesn't mean to say that it's cool,
It's only bits of plastic,
Lies projected on the wall.

2. Razor blades, guns and chains,
You'll never get to heaven if you're gonna play those
games.
I do believe,
If you keep it clean then you got to succeed.

Br:

Ref: An' if you wanna get on, you gotta keep your
business clean. x4
