Do you remember what you told me the very first time  
That i held you do you  
You think about me as, as much as i do  
Did you forget that that i missed you and time low  
down  
When i kissed you do you  
You think about me as, as much as i do , do you  
'Cause it's been a hard 24 hours since i've seen your  
face  
I can only hold it in and i just, i need to say

Chorus:

That you're the first thing that i want to see  
When i open my eyes waiting for the meet just you  
Forever and always  
You're the last thing that i'm thinking of  
Before i close my eyes and i dream of love  
Just you, forever and always always

So i don't choose slow down like in gipsy girls  
Let me show you what's in the real world  
Do you think about me as, as much as i do  
Do you love me with every breath  
Can you trust in somebody ..in chest do you  
Do you need me that as i need you

'Cause it's been a hard 24 hours since i've seen your  
face  
I can only hold it in and i just, i need to say

Chorus:

That you're the first thing that i want to see  
When i open my eyes waiting for the meet just you  
Forever and always  
You're the last thing that i'm thinking of  
Before i close my eyes and i dream of love  
Just you, forever and always always

'Cause it's been a hard 24 hours since i've seen your  
face  
I can only hold it in yeah i just, i need to say

Just know that when you're gone you'll be the one i'm  
missing  
But i can't fall asleep without your silent kiss  
All mine forever and always  
Just know that when you're gone you'll be the one i'm  
missing  
The smell in your hair and your finger tips  
All mine forever and always, always.

Thanks to garbo
