### "Torn"

Wisdom has become clouded pumped with the bile  
Of this insular trash culture  
Dead state laying awake  
Gorging on the boundless

Dead state laying awake  
Inculcating life as bound  
Lethargic conscious being  
Gorging on the boundless

Captives of envy to possess the material icons  
A subtly created prison with no...walls.

Ravenous synergy of time held circles  
Of imperial dimensions  
Blind, torn, ruptured and broken  
Enslaved by the tyranny of suspicion
