Why could't you be a little more like some one esla
Sign bathroom walls empty stalls and blue hotels

I like when you burn me for the bad things that i do to
you

I did'nt mean to hurt you boy

I did'nt mean to break your heart oh oh

But this is how its done

I did'nt mean to hurt you boy

I did'nt mean to break your heart oh oh

But this is how its done

Try killing some time

With that chainsaw in your mind

So honey beware

You pick, you choose, you lose the dare

I like when you burn me for the

Bad things that I do to you

I did'nt mean to hurt you boy

I did'nt mean to break your heart oh oh

I did'nt mean to hurt you boy

But this is how its done

I like when you burn me for the

Bad things that I do to you

I did'nt mean to hurt you boy

I did'nt mean to break your heart oh oh

I did'nt mean to hurt you boy

But this is how its done
