I want to be your valentine
I want to spike your milk with wine
I want to make the others cry
With your fading shadow
I've got a stick of dynamite
Promise you'll stay awake tonight
Promise you'll stay awake tonight
When I load the barrel
You Owe me another night!!
You owe me anohter night
You owe me another night
You owe me another night
Maybe when the doctor calls
A better girl will take the fall
And even though you run so far
You'll always end up bruised and scorned
With me your desperate
I'm clean
You owe me another night
You owe me another night
You owe me another night
You owe me another night
Oh oh
Oh oh
Oh oh
Oh oh
Oh oh
A pony, a glass of wine
If only
Another night
She canters backwards for miles
I want to be your Valentine
I want to spike your milk with wine
I want to make the others cry
with your fading shadow
You owe me another night
You owe me another night
You owe me another night
You owe me another night
