[Nelly Furtado]

She's a freak and I'm a chief head banger  
With the top down low on the flow  
Cause you're so fresh (fresh!) like b-boys with vests  
Like runners carved chest hehehehe

I run like the breeze  
To catch this life but sometimes get a need til I bleed!  
There's truth, I go, there's around, I will tell it  
A story, on the planet, Missy come in and I landed  
Well where did she come from?  
This international goddess sun, so get your hands up  
Like this hun until the party's just begun!  
So come over to my house and that's where this song's  
from  
A less for the laugh from west coast version  
Portuguese diva!  
And Missy's the woman who always be cooking,  
Says somethin' for Neltado who come dip her vibin  
From DC to DJ and all around the world  
Come giddy up giddy up back, back up to my girl!

(Chorus)

[Missy (Nelly Furtado)]

Get Ur Freak on (Get, get, get, brrrrrrrrah, get, get,
