i keep on

fallin'

in and out of love wit' you

sometimes i love you

sometimes im blue

sometimes i glow inside

other times you make me cry

tell me what am i to do

im so confused

tell me who, tell me what, tell me where

tell me when, tell me how

tell me who, tell me what, tell me where

tell me when, tell me why

i'm fallin

with you

i never

love someone like you

oh oh

i never

felt this way

tell me why i feel this way

how do you

give me such

pleasure and pain

and when i think i've taken more

than any fool can endure

that is when i start to fall for you once more

chorus

(rap *sorry guys i forgot the words to the rap part
