i keep fallin

in and out of love wit u

sometimes i love you

sometimes im blue

sometimes i glowinside

other times youmakeke me cry

tell me what am i to do??

im so confused

[Chorus]

Tell me who, tell me what, tell me when

Tell me when, tell me how, how..

Tell me who, tell me what, tell me when

Tell me when, tell me why, I keep on fallin

In and out of love, with-a you, with you

I never, i never, loved someone like you (dont you
never say never ma)

Im fallin, fallin, with you, with you

I never, said i never, way that I love you (dont you never
say never ma)
