Uh Yeah

A Keys

Rear View

Uh Oh Uh Oh

Uh Oh Uh Oh

AK 2000

Oh Uh Oh

It happened quickly

All of a sudden

I was caught up with another man

Who wanted

To be closer

But now

I know better and I'm

Hoping

We Can

Start Again

I know that there's nothing for me what I have done

So

Let me show how deep my love goes

For you

Cos you'll really live and learn and that's how you find  
out who is true

And I found out that you were the one

I was deceived

Baby please forgive me

Don't know what we had to change

It's easier for us to get further

Don't look in the rear view mirror

Now that we are

Back again together

I want to show you

How I'm made from heaven

I'll do my best to shower

You with a bit of 'tention

Don't ever have to mention

This song if it ends

I know that there's nothing for me what I have done

So

Let me show how deep my love goes

For you

Cuz you'll really live and learn and that's how you find  
out who is true

And I found out that you were the one

I was deceived

Baby please forgive me

Don't know what we had to change

It's easier for us to get further

Don't look in the rear view mirror

I can't change what I had done before

But now I know that you love me so much more

Than anything that had ever come my way

Keep your eyes on what we have today

I was deceived

Baby please forgive me

Don't know what we had to change

It's easier for us to get further

Don't look in the rear view mirror

I was deceived

Baby please forgive me

Don't know what we had to change

It's easier for us to get further

Don't look in the rear view mirror

I was deceived

Baby please forgive me

Don't know what we had to change

It's easier for us to get further

Don't look in the rear view mirror

We can get best of this

Don't have to go so fast

We can get rid of them in the rear view mirror

I was deceived

Baby please forgive me

Don't know what we had to change

It's easier for us to get further

Don't look in the rear view mirror
