Alicia Keys - The Life

Everyday I realize that this might be the last day of my  
life

Walking down the street I find that

I'm coming closer and closer to losing my mind

'Cause when it rains, it pours

Isn't life worth more?

I don't even know what I'm hustlin' for

You've gotta do what you gotta do just to make it  
through

All the hard times that's going to face you

This is the life, striving to survive

This is the life, striving to survive

Living will always be a struggle looking for someone  
true to love you

Looking back a scene horrors, this madness makes me  
want to hide

Slowly, internally, I'm dying

Pillow case is wet from all my crying

There is nothing more to be here for

Take me away, I can't live that life no more

This is the life, striving to survive

This is the life, striving to survive

This is the life, striving to survive

This is the life, Striving to survive

La La La La La La La....

(Musical Break)

This is the life, striving to survive

This is the life, striving to survive

This is the life
