When the tanks come rollin' in
Where the hell are your children?
Liberation is here
Occupation is an ugly thing
Instrument of the right wing
Is this your greatest fear?
What if the USA was taken on
Homeland Invasion
Tell me, what would you do?
Foreign Occupation
Tell me, what would you do?
How would you feel if it happened to you,
You wouldn't act like you're supposed to
Casualties are the price you pay
To buy back your freedom
'Cause they assume that you
Don't want none
Save my house,
Save my life
What if the USA was taken on
By the barrel of another's gun
Homeland Invasion
Tell me, what would you do?
Foreign Occupation
Tell me, what would you do?
