Stuck on an island of believers
And I don't believe in nothin'
I'm pretty sure that I'm not crazy
Demented citizen
Eternally in sin
Hate is free, and I'm an atheist
Forcefully ensure no resistance
Demon kids, we once were all so young and dumb
Now I'm an atheist in america
Stuck on an island of believers
And I don't believe in nothin'
I'm pretty sure that I ain't fakin'
Hate is free, and I'm an atheist
Forcefully ensure no resistance
Demon kids, we once were all so young and dumb
Now I'm an atheist in america
