don't let a good night's fun
come to an early end
let's have a court cave brunch,
i really shouldn't stay
and she kicks her heels off
it takes a lot to change her mind
i cant stop myself from chasing

she's expensive, she's expensive.
i cant stop myself from chasing.

she's going out again
she's fascinating man
her eyes are pale and grey
she pushes him away
i cant stay here no more
it takes a lot to change her mind
she's expensive, she's expensive.
she's expensive, she's expensive.
i cant stop myself from chasing.

what makes the girls on the street sing?
oh, for what its worth to see you moan x2

what makes the girls on the street sing?
oh, for what its worth to see you moan x2

she's expensive, she's expensive.
i cant stop myself from chasing. x3
