Two Strangers Beneath The Sky
Try To Realize The Faith
Both Of Them Know
It's Moment To Letting Go
So I Say-so Good Bye
In The Silance Of The Night

Every Moment We Spend Together
The Reverie We Behold Forever
But I Could Not With You More
It's End Of Our Saga I'm Sure
All The Things I Will Forget
In The Silance Of The Night

It's Not To Affable To Shun You
But Now It's seems t be True
Every Thing Just'll Be Right
Only I Will Not In Your Sight
In The Silance Of Night
In The Silance Of Night
