Little serpent girl hanging from a tree  
Beast of temptation sent here to destroy me  
You're loveless You're lustful  
This lonely mans wet dream  
But when I wake at dawn its blood that covers me  
And I cried  
Force of nature Murderer of my world Serpent Girl  
Little serpent girl hiding in the grass  
You wait for everyone to leave to start your secret  
dance  
That only I will see it puts me in such distress  
If I resist you hiss and just lift up your scaly dress  
And I cried  
Paralyzed by those brain washing eyes Hypnotized  
Little serpent girl something's got to give  
Why is it that you just can't bare to see me live  
You hate me You fuck me Until I think I'm dead  
But I come so alive when you slither to my bed  
Little serpent girl I know you can't be real  
But when I dry my eyes your the only thing I feel  
Who are you? What are you? What do you want from  
me?  
When you constrict you suck my soul into eternity  
And I cried  
Paralyzed by this murderer of worlds Serpent Girl
