When It's Autumn In The Soul
Black Shapes Uprise And Time Grows Old
How Much Longer To Endure The Pain
In The Distance Her Name Echoes Across The Plain

Come Into The Shadows Cold
Everything Here Is All That You'll Ever Need
Out Here In The Ruins Lies My Tortured Fallen Soul
Out Here On A Black Star, All The Cities Look Like
Graveyards
And The Body Falls Cold On The Floor
In A Cobweb Dress
That's How It All Falls Down

I'll Never Believe That We Were Able
Among The Cockroach Wings And The Empty Tables
Black Smoke Seeping Thru Dusty Lips
Long Lonely Days, Painted Crimson Eclipse

Come Into The Shadows Cold
Everything Here Is Left Far Beyond Me
Out Here In The Ruins Lies My Tortured Undead Soul
Out Here On A Black Star, All The Cities Look Like
Graveyards
And The Body Falls Cold On The Floor
In A Cobweb Dress
That's How It All Falls Down

I Lost My Faith Some Time Ago
And Why It Left Me I Don't Know
Nothing To Save, Nothing To Show
I Am The Lost One All Alone
I Am The Lost One And I've Grown Old
I Am The Lost One All Alone
I Am The Lost One And I've Gone
